President Roosevelt Says Congress Must Positively Pass a Cuban Bill.

Is Very Firm in the Stand He Has Taken—Big Oil Deal in Allen County.

SOME EXCITEMENT IN WALL STREET

MUST RELIEVE CUBA.

Washington, May 5.—President Roosevelt this morning told his senatorial callers that unless a Cuban reciprocity measure was passed at this session he would call it in special session fifteen minutes after it adjourned. The President made no qualification, and declared emphatically that the needs of the island forced him to take this absolute stand.

A BIG OIL DEAL.

Scottsville, May 5.—Another big oil deal has been made in Allen county. The Mayfield-Dunn Gas and Oil company purchased today from Captain A. F. Lucas 1,800 acres of what is considered the best oil territory in the county. The price paid for this territory is not known to the public, but it is known that H. C. Doll's lease is among the many purchases.

SUSPENSION OF SECURITIES COMPANY.

New York, May 5.—Developments of the latter half of last week in Wall street, in connection with stocks of the Dominion Securities Company, Rutland railroad company and the Hackensack Meadows company, resulted today in the announcement in rapid succession of suspension of stock exchange brokerage houses. The first firm to declare inability to meet obligations was Offenbach and Moore, followed by Henry Bros., and Lockwood, Hurd and Co.

EVANS REPORTED SUCCESSFUL.

Lexington, May 5.—Reliable advices received from Washington today are that H. Clay Evans will be the next postmaster. It is said that he has been selected, thus winning his contest with Captain Howard for the office.

FORMER LEGISLATOR DEAD.

Maysville, May 5.—Dudley A. Politt, ex-legislator from Lewis county, died yesterday at his home in Toloboro.

RETIREMENT OF ROBERTS.

SEEMING CERTAINTY THAT BRITISH ARMY IS TO HAVE NEW COMMANDER-IN-CHIEF.

London, May 5.—In military circles the question of Earl Roberts' retirement from the post of commander-in-chief immediately after the coronation is freely discussed. It is looked upon as a certainty that the Duke of Connaught will succeed him and will not return to Ireland. The fact that Earl Roberts has recently purchased a big estate in the country is considered proof of this statement.

THE ENGLISH STOCK

Complete Company Has Arrived and Began Rehearsals Today.

The Summer Season at the Kentucky Opens Monday Next With "A Student of Japan".

ADMISSION AT POPULAR PRICES

Manager James E. English's company arrived this morning from New York and Chicago, and this afternoon at 2 o'clock began rehearsals. "A Student from Japan" is the first play to be presented, and by the close of the regular season Friday night the English Stock company will be ready for its first appearance in Paducah, which will be Monday evening.

Manager English could have secured no better company for his summer season. He intends to make The Kentucky an up-to-date playhouse during the hot months, as he made it during the winter. It will be near at hand, cool, and the best plays only will be offered.

Mr. True S. James will be leading man and director, and Miss Frances Gale leading woman.

Miss Justina Wayne will be ingenue and juvenile, Miss Mae Stockton dramatic soubrette, Miss Louise Henry singing and dancing soubrette, Mr. Francis Fields heavy and character, Mr. Andrew Forsythe heavy, Leo Forrest singing and dancing comedian, Mr. L. A. Griggs juvenile, Alfred Seaton general man, The Emerald Sisters specialty artists, and The Johnsons in illustrated songs.

These people have been on the road with the best attractions this season, and are finished artists. Manager English has organized his company with a view to giving the public a high class performance at cheap prices, and at a great expense, and he will doubtless make a success of it. His director, Mr. James, has been seen in Paducah in "A Royal Prisoner," and Miss Wayne in "Hello, Bill," and theatre goers know what their work is. The others are equally as good as will be seen when the theatre opens next Monday evening. The prices during the season will be twenty-five cents to any part of the house, and ten cents to the gallery.

PUTTING IN TELEPHONES.

TO DISPATCH TRAINS ON LOUISIANA DIVISION OF ILLINOIS CENTRAL.

Superintendent G. M. Dugan of the telegraph department of the Illinois Central system, is in Jackson, Miss., making the preliminary arrangements for the new system of dispatching trains by telephone, recently adopted by the company.

Superintendent Dugan states that about 1,000 miles of telephone wires for the new service have already been strung, and the line northward from New Orleans reached Hammond yesterday. The force of linemen will reach Jackson by the 15th. It is expected to have the entire service installed and in practical working order within the next sixty days. The estimated cost of putting in the new system is \$150,000. It is not intended to abandon the present dispatching service immediately, but the installation will be gradual, and for several months at least, both telegraph and telephone service will be used in the handling of trains.

Superintendent Dugan believes, however, that it is only a question of a short while when the telephone will entirely supplant the telegraph key in dispatching trains.

OFF TO DALLAS

Delegates Leave Here to Join Methodists in Memphis To-day.

General Conference Opens Wednesday—What it Will of General Interest.

Rev. and Mrs. H. B. Johnston and Mr. C. W. Morrison left this morning for Memphis, Tenn., to join the big delegation that leaves there tonight for Dallas, Texas, to attend the fourteenth quadrennial session of the General Conference of the M. E. church, south, which opens Wednesday and lasts the month.

In the party will be Bishops J. C. Granbery, of Virginia, A. W. Wilson of Baltimore, H. C. Morrison of Atlanta, R. K. Hargrove and O. P. Fitzgerald, of Nashville, Dr. R. H. Mahon of Union City, Dr. W. K. Piner and Miss Rena Piner, John R. Pepper, and Miss Mary Pepper of Memphis, T. B. King of Brownsville, R. E. Allison of Bowling Green, Revs. A. J. Meaders, S. L. Jewell, Drs. James Atkins, P. H. Whisner and other prominent Methodists, who go as delegates and visitors to Dallas. Rev. H. B. Johnston is a clerical delegate, and Mr. C. W. Morrison a lay delegate from the Memphis conference, which is quite an honor to Paducah Methodism.

The general conference of the Methodist church meets every four years, and is the most important gathering of the church, as it is the law-making body, and it also elects the bishops, general officers, etc., of the church.

It is probable that two or more bishops will be elected at Dallas this year. Dr. E. E. Hess of the Christian Advocate in Nashville is probable "bishop timber." Various other matters will be considered, among them the publishing house war claim money, and the deacons movement, but it is not likely there will be any vital changes, and nothing sensational is pending. The majority of the body are conservative men, and they will be sufficient to hold in check some erratic members who are engaged in fighting the best interests of the church.

SETTLED OUT OF COURT.

The suits against the Dixie grocery will likely be settled out of court. They amount to about \$900. The matter has been fixed with the sheriff, and the store is now open and doing business as formerly.

IN THE CHURCHES

Good Crowds, Strong Services Yesterday—Some Visiting Ministers

Good Singing at Broadway Church—Ministers Association Meets.

Yesterday was a beautiful day, and all the churches had large congregations. The local ministers filled their pulpits with a few exceptions. Rev. George B. Ranshaw of Covington, Ky., occupied the pulpit of the First Christian church in the evening, and Rev. W. L. Savage of Jackson, Tenn., preached at the Second Baptist church at night. Rev. H. B. Johnston, presiding elder of the Paducah district, filled his regular appointment at the Third street Methodist church, preaching there morning and evening. This is Mr. Johnston's last appointment until June, as he is a delegate to the general conference in Dallas during May. Strong sermons were preached at the various churches.

The changes made in the Broadway Methodist auditorium gave general satisfaction to the congregation yesterday. The altar is raised and extended, and suits the big church much better in every way. The choir space is greatly enlarged, and can easily accommodate the large choir that now occupies it. This choir is attracting much notice for its sweet singing. It is composed of a number of young girls, and boys, and has been splendidly trained by Mrs. S. H. Winstead, who is especially gifted in the art, and deserves great credit in this case, as the time has been short. The anthems were well sung yesterday, the solo parts being well sustained. Misses May Owen and Virginia Johnson rendered a very sweet duet with chorus accompaniment by the choir in the evening.

The Ministerial Association met this morning in regular session but nothing of public interest was done. The regular reports and a general discussion of the work was made and the meeting adjourned without any subject of importance having been brought up.

There will be a meeting of the building committee of the Broadway Methodist church tonight to hear the report of the sub-committee appointed relative to the indebtedness of the church and the means by which this indebtedness can be settled.

LATE SPORTING NEWS

Great Interest Being Taken in Tomorrow's Bout.

Ryan in Training—Joe Choyinski Expected Tomorrow to Witness the Fight.

YESTERDAY'S BASEBALL RESULTS

The Kentucky will no doubt be well filled tomorrow night with citizens who desire to see a good, clean sparring exhibition. It has been some time since the sport held sway here, but it promises to be rejuvenated with more promising prospects.

Australian Jimmy Ryan has fought a number of memorable battles, winning the welterweight championship from Mysterious Billy Smith, the middleweight championship of the Pacific coast from Young Mitchell, and defeating George Byers, who was colored heavyweight champion at that time.

Pearce has whipped Dan Creeden, Jack Everhardt and Jack Moffett, and others of this class.

Ryan has been matched to box Marvin Hart of Louisville, who is called "Kid" Carter of Brooklyn in nine rounds of a twenty-round contest at Louisville Saturday night, and Choyinski, who has already met Ryan four times, wants to fight the winner of tomorrow's contest. Should Ryan win, it means two more matches for him. The exhibition promises to be fast and entertaining.

Joe Choyinski of California, who put out Al Weinig in the sixth round at Louisville Friday, will arrive today to witness the contest of Ryan and Pierce.

Saturday's baseball results were: American Association: St. Paul 9; Indianapolis 6; Columbus 4, Kansas City 0; Milwaukee 2, Toledo 1. National League: Pittsburg 9, St. Louis 5; Chicago 6, Cincinnati 0. American League: Boston 10, Baltimore 1; Philadelphia 9, Washington 3; Detroit 6, Cleveland 3; St. Louis 5, Chicago 3.

Sunday's baseball results were: National League: Chicago - St. Louis, rain; Pittsburg 11, Cincinnati 2. American League: St. Louis-Chicago, rain; Cleveland 2, Detroit 1.

Alan-a-Dale won the Kentucky Derby by a neck Saturday, with Inventor second and The Rival third; time, 2:08 3-4.

A live bird shoot will be held tomorrow afternoon at the Paducah Gun Club's grounds in La Belle park between six crack shots of Paducah for a purse of \$150. It is understood that the contestants will be Messrs. Mose and Ben Starr, Henry Beyer, H. C. Bronough, Hal Walters and Dr. W. L. Hansbro.

The Paducah baseball club met defeat at Golconda yesterday by a score of 6 to 7. The team representing Paducah was not the big team, but a junior organization, but carrying Hedges, pitcher for the regular team. Hedges did the box work for the first three innings and then quit. The Golconda boys hit the substituted pitcher freely, and the Paducah boys, handicapped by having no left fielder or short stop, lost the game.

ARCHBISHOP CORRIGAN.

New York, May 5.—There is much concern felt over the case of Archbishop Corrigan, as Dr. Keyes, the attending physician, announced tonight, after his visit to the bedside of the prelate, that his condition is still dangerous and there is a possibility it may become more critical.

NEW TOWNSHIPS

Lands in Washington Thrown Open for Settlement Today.

Much is Valuable Land, and There Will be Quick Settlement of it.

Spokane, Wash., May 5.—Parts of four townships, embracing 41,798.76 acres of surveyed lands in eastern Stevens county were thrown open to settlement today. The new lands border on the Pend d'Oreille river, and are about thirty miles north of the town of Newport. The tract can be reached by several routes, the easiest of which is via the Great Northern from this city to Newport and thence by steamer.

The region contains considerable meadow and agricultural land. Such land, however, is to be found only in spots of a few hundreds acres. The region is generally hilly, and in some places rough and mountainous. It is reported that there is considerable timber in the district, and that it is really more valuable for its timber than its agricultural resources. The district is also mineralized, but no important developments have been made. It is especially notable for its immense deposits of limestone. The famous Portland cement works is located on the Pend d'Oreille river, near the new lands. Immediately to the north of the surveyed district the country is mountainous and unsurveyed.

BABY TURNER.

NEW GRANDSON OF A FORMER FIRST DISTRICT CONGRESSMAN.

A ten-pound son has arrived at "Melrose," the country home of the Hon. Oscar Turner of Louisville. The young man has the distinction of being the son and the grandson of Kentucky's congressmen. His distinguished grandfather represented the first district, while his son was the able congressman from the fifth district, elected in 1898. With such ancestry, it is safe to predict a bright future for Oscar Turner III.

KENTUCKY EDITORS.

WHERE THEY WILL GO THIS SUMMER FOR AN OUTING.

The executive committee of the Kentucky Press Association at a meeting held Saturday at Louisville decided on Owensboro as the meeting place this year, and the second week in July as the time. The models of subjects of the demonstrations are the best representatives of classical beauty and richest possessors of "woman's crowning glory" obtainable. Besides the construction and modeling after the latest Parisian fashions and new American creations of coiffure, the proper way to shampoo a woman's head is shown and the hair dried in surprisingly quick time by electricity.

Mr. A. A. Balsley, formerly one of the best known paper drummers on the road, but who has been local agent for the Standard Paper company of Cincinnati for several years, has accepted a position as traveling salesman for the Crescent Paper Co. of Indianapolis, and will make two trips a month for it to Cairo, Memphis and Rockport. THE RIVER NEWS.

Observations taken at 7 a. m. River 16.2 on the gauge, a rise of 0.6 in last forty-eight hours. Wind, southeast, a light breeze. Weather, clear and warmer. Temperature, 71 degrees. Pell, Observer.

The Dick Fowler had a good trip to Cairo this morning at 8:30.

The Ten Brook left yesterday for Tennessee river to bring out ties.

The L. N. Hook arrived yesterday from Tennessee river with a tow of ties.

The Joe Fowler left on time this morning for Evansville with a good trip.

Captain H. Baker returned yesterday, after a visit to St. Louis on business.

A number of tows are made up at Pittsburg and ready to come on the first rise.

The Charleston arrived last night from Tennessee river and went to Joppa to unload.

The Kate Adams, a big side wheel packet from Memphis, arrived yesterday to go on the ways.

The Butterff arrived last night from Nashville, and left at noon today for Clarksville with a good trip.

The Pavonia will arrive out of the lower Tennessee river tomorrow with a tow of ties for the Ayer and Lord people.

The steel hull towboat Vesta was upset in a storm at Pittsburg Friday evening. This is the fourth towboat upset in storms here recently.

Pilot Richard Barnes, for four years on the John S. Hopkins, died Friday at Evansville of consumption, having resigned three weeks before. He was 28 and unmarried.

The Jennie George, running between Catlettsburg and Pikeville, Ky., sank in twelve feet of water Saturday six miles above Catlettsburg, the crew and passengers escaping.

The reports received from Memphis that the towboat J. B. Finley had lost nineteen coal boats and one barge in the Mississippi river below Helena, Ark., Thursday, is denied by the Pittsburg officers of the Monongahela River Consolidated Coal and Coke company, to whom the boat belonged.

A petition has been sent to Captain W. L. Sibert, United States engineer in charge of the dams in the Pittsburg district, by fifty locktenders employed on the four Monongahela locks, asking that their daily period of work be reduced from twelve to eight hours. If this method were adopted it would necessitate the employment of about twenty extra men. River shippers are mostly in favor of the change.

Captain A. J. Powell of Cincinnati is in the city today on business. He

has a passion for trading watches, and every time he comes to Paducah has a watch to trade. This time, however, he says his ticker just suits him, and he does not care to make a trade. His many friends consider this a very remarkable incident of his visit, and are adopting every method of effecting a trade, so that the Captain's record may remain unbroken.

Captain James Bezell has had command of the towboat Joe Williams for several years. He is a Pittsburg, although most of his boating of late years has been in the Louisville and New Orleans trade. Her first commander, Captain Jack Williams, died a number of years ago. Captain Joseph B. Williams, after whom she was named, is still living, but has had no connection with the river business for a number of years.

ILLINOIS CENTRAL REPAIRING. GENERAL IMPROVEMENTS TO BE MADE IN PADUCAH.

The regular spring repairing of the Illinois Central has commenced here, and workmen are today repairing the roof of the I. C. round house.

There will also be repairing done on the passenger depot, and other property of the company.

The heater question will probably be settled this summer, and in all probability there will be a new heater placed in the passenger depot, and the pipe system overhauled.

The Charleston will take a crowd of forty or fifty Masons to Smithland this afternoon late to assist in conferring the third degree on Mr. Fred Cowper, a young attorney of that place. The boat leaves at 5:30 and returns about midnight.

Mr. George Simpson, the ship carpenter employed at the Marine Ways, who was injured at the Ways several days ago in an accident to the machinery, is improving slowly. His leg is in a bad condition, but will probably not have to be amputated.

FOR YOUR WELFARE

You Are Urged to Make Health Building Your First Work This Month

Paine's Celery Compound

Puts You in Condition to Withstand the Enervating Effects of a Hot Summer.

If you are ailing, sick or diseased, it is our earnest desire to interest you in your own personal welfare. We try to do this by simply urging you to make health building your first work this month, as efforts to banish disease are much more difficult when, in addition to physical sufferings, you are obliged to contend with the enervating effects of a hot summer. Medical men know well that a sick person when treated with the proper medicine in May, has a much better chance for life and health than is possible in July or August.

The incalculable amount of good that Paine's Celery Compound is now doing in making sick people well, should compel the attention of every thinking man and woman now in sickness and suffering.

Faulty nutrition of the nervous system is the direct cause of nervous debility, headaches, dyspepsia and neuralgia—ailments that thousands are now suffering from. When people have blood that is pale, watery and full of impurities, their nerves cannot assimilate food properly and derive nourishment from it.

Paine's Celery Compound used in May cleanses the blood, bestows greater nerve force, regulates the stomach and bowels, arouses a healthy appetite and brings about a normal action of the dormant liver. Paine's Celery Compound in every case gives a positive and permanent cure. It is the most thoroughly honest medicine that run down and sickly men and women can employ. Its life giving effect on nerves and blood is truly marvelous.

ALL COME TO PADUCAH. Roxie Crofton, who said he was told at Hickman, Ky., that Paducah was a good place for indigent sick, arrived Saturday evening and applied for admission to the city hospital. One side is covered with ulcerous eruptions, and although it is contrary to rules to admit non-resident patients, from humanitarian motives he was admitted at the advice of City Physician Coyle.

COUNTY ROAD WORK BEGINS.

Contractor Will Yancey today began repairs on the Blandville road. Contractor Yancey has the contract to repair sixty-five miles of the road. Supervisor Bert Johnson will shortly advertise more of the dirt roads to be worked by contract. There are over 300 miles in the county, and provision has been made for working only sixty-five miles thus far.

ENDED WITH THE BANQUET.

The banquet of the T. P. A.'s of Kentucky Saturday night wound up the convention in fitting style, and those present greatly enjoyed it. Hon. Jerre M. Porter of Clinton, presided with his usual wit and grace, and the toasts were well responded to.

ILLINOIS RED MEN.

THE ANNUAL CELEBRATION BEING HELD IN PEORIA, ILL.

Peoria, Ill., May 5.—The celebration of the 25th anniversary of the Independent Order of Red Men in the state of Illinois, which began here today, has attracted the largest gathering of members of this order ever held in the state. In addition to delegates from all parts of Illinois, there are present many fraternal visitors from lodges of the order in Kentucky, Iowa and Indiana. Today was devoted to the reception of the grand officers of the order and other visitors. The entertainment program will be inaugurated this evening with the past masters' banquet at the Grand Hotel, at which the representatives of the great council, and from other states will make addresses. Elaborate arrangements have been concluded for the big parade, which takes place tomorrow.

Sectional Book Cases

And yet it is easily explained, as the expansion system is almost a necessity to house the accumulating books. As this condition arises, an additional section is purchased at slight cost, and the bookcase grows with your library and meets your requirements.

Supposing the case, that in the near future you may wish to purchase a bookcase? We have little doubt you will decide on the sectional system. There are several makes on the market, and all about the same price; therefore, MERIT is the main consideration.

All of the objectional features, such as iron bands on the sides and shelves projecting between the doors, have been overcome in the "GUNN" Sectional System. In this system the completed case, while of necessity built of sections, they are so nicely joined together that the outward appearance is that of a solid, handsome piece of furniture, and an ornament to any room.

The doors operate on roller bearings and cannot possibly bind. This ingenious device allows the door to be operated with a single knob, leaving one hand free for removing or replacing the books.

The "GUNN" is the only system in which a broken glass can be placed by simply unhooking the door. In all other makes the books must be removed and the case taken entirely apart.

The steel hull towboat Vesta was upset in a storm at Pittsburg Friday evening. This is the fourth towboat upset in storms here recently.

Pilot Richard Barnes, for four years on the John S. Hopkins, died Friday at Evansville of consumption, having resigned three weeks before. He was 28 and unmarried.

The Jennie George, running between Catlettsburg and Pikeville, Ky., sank in twelve feet of water Saturday six miles above Catlettsburg, the crew and passengers escaping.

The reports received from Memphis that the towboat J. B. Finley had lost nineteen coal boats and one barge in the Mississippi river below Helena, Ark., Thursday, is denied by the Pittsburg officers of the Monongahela River Consolidated Coal and Coke company, to whom the boat belonged.

A petition has been sent to Captain W. L. Sibert, United States engineer in charge of the dams in the Pittsburg district, by fifty locktenders employed on the four Monongahela locks, asking that their daily period of work be reduced from twelve to eight hours. THE WEATHER.

Partly cloudy tonight, and cooler, with probable showers. Tuesday fair.

GEN. SMITH TO BE ACQUITTED.

General Smith, as has been contended all along by patriotic citizens of the United States, was only acting within bounds of the law when he issued the "kill-and-burn" order, and he will be acquitted by court martial. Thus the administration scores another victory over the maligners of the American soldiers. "The war department commissioned a man wearing the uniform of the United States to kill and burn and destroy," remarks one paper—Democratic of course—in well simulated horror. Well, perhaps it did. A deathless and fearless war is something we should like to see but are not likely to see. Our generals are supposed to use their own judgment, not that of a few incompetent, always-complaining demagogues at home. There is little humanity in war at any stage of the game, but there is nothing to indicate that the American troops have not been as humane to the Filipinos as they could be for the good and safety of our army and the cause. In making the closing address for the defense before the court martial that tried General Smith Colonel Charles A. Woodruff drew tears to the eyes of his hearers. He dramatically sketched General Smith's career and declared he had conducted a remarkable and successful campaign in a manner which reflected credit on his valor, humanity and kindness.

Speaking in impassioned tones Colonel Woodruff said in older times victorious generals tied captives to their chariots. In this case the general finds himself tied. Sentiment was an excellent thing, but there was no place for it in war.

"We claim," declared the colonel, "that the Samar campaign, just brought to a successful termination, while pushed actively, vigorously and energetically, was ever conducted within the limits of war. During the last few months it has seemed popular to criticize the army in the Philippines. People seem to have forgotten its magnificent services for America's honor and glory, through sun, rain, mud and dust, across rivers and over mountains, through tangled underbrush, in sickness and in health, which have reflected nothing but glory upon our flag and country. We have been worthy members of the army, whose bayonets never flashed except in the defense of the law, and whose tramp has carried comfort to

those in danger. Yet today we are apparently disgraced. Why? I cannot imagine that people at home expect to gain glory and political advancement by abusing the army. It was tried after the Mexican war. It was tried after the Civil war, with the result that Grant, 'the butcher,' was elected president, and died loved and honored by every American. While the campaigns in the Philippines have not been conducted to meet the views of the sentimentalists and troublesome busybodies in the United States, they have been conducted on lines which have reflected credit upon the valor, pluck, humanity and kindness of American soldiers, many of whom have freely laid down their lives on their country's altar."

Colonel Woodruff, during his address, reviewed the evidence at length, showing the necessity for making Samar a wilderness and comparing the campaign in that island with the "strenuous march to the sea," whose route was marked by a cloud of smoke by day and by a pillar of fire by night.

The colonel said it had been proved by the evidence that native boys eight years of age were capable of wielding bolos. He cited numerous instances of military law, Roman, English and American, in behalf of the defense, and portrayed Gen. Smith's military career from the time he enlisted in 1861 to 1901, when he was appointed brigadier general, and described his wounds, heroism and devotion to duty.

Colonel Woodruff also quoted Governor Taft's speech at Dagupan, eulogizing General Smith, and added: "Now, after wearing for 41 years the uniform of the United States with honor to himself and to the benefit of the government, at the close of a remarkably successful campaign in which he accomplished what Spain was unable to do in 200 years, while returning, as his friends thought, covered with glory, he was halted and taken off a transport to face charges growing out of the language used in giving instructions for the conduct of a successful campaign."

"The defense feels that the government has only done this in deference to overwhelming public sentiment, based on rumors fostered for unknown and ignoble purposes, until hysteria was produced. Then this gray, wounded, victorious general was exposed to the indignity of a trial in deference to hysterical public opinion. General Smith faces the conscience of the court and people with the full knowledge that he did his duty as an honorable soldier."

This speech seems to reveal the true state of affairs. There is too much hysteria among the people of the United States. Their slop-over hero-worship and their mandarin sympathy for the vicious treacherous Filipinos who are fighting against the stars and stripes, are enough to disgust any sensible man.

The city authorities will have to take some step towards preventing the authorities in neighboring cities from unloading their paupers and indigent sick onto Paducah. When an unusually bad case comes to the notice of the officers in these surrounding towns instead of caring for the unfortunate as the law provides, they say, "We'll send him to Paducah." And here he comes, oftentimes with a chronic ailment that keeps him in the city hospital for weeks and months at the expense of the people. The law does not permit this. No non-resident can be legally cared for in the city hospital although often humanity demands that a person of this description be not turned away. The thing is to prevent these other cities from sending them here. There is a law against it and a few examples would have a most salutary effect on those who imagine that we have nothing to do under a \$1.85 tax rate but to take care of their paupers.

The city council will tonight be called upon to pass an ordinance for sprinkling the streets, if the present plans materialize. It is hoped that the council will look at the proposition from the standpoint of progressive business men. It may be that there are some who will object to the

street sprinkling project because they will be assessed a few dollars a year, but the council should at all times consider the greatest good to the greatest number, and remember that street sprinkling is something that contributes to the comfort, good health and happiness of the community as a whole and the good that will redound to the greatest number will far offset the objections a few may have to it. Street sprinkling is something that every city requires, and something that Paducah has long needed, especially in the more thickly populated localities.

The steamboat companies can scarcely secure enough labor, at any price, to operate their boats. Yet there are hordes of negroes at the wharves every day. They do not refuse to work on account of the wages, which are large, but because they simply do not desire to work. If the vagrancy law were enforced this evil would soon be eradicated. Every loafer who refuses to work on a boat can be arrested and made to show how he obtains a livelihood. A few such arrests would have the effect of making many of the idlers go to work and running the remainder out of town, either of which would be a benefit to the community.

The Lexington Leader jocularly remarks: "It is a noticeable fact that Paducah never had a \$1.85 tax rate until Urey Woodson went there to live. Urey comes high, but we must have him."

Louisville congregations are much wrought up over an effort to unionize the church choirs. Some of the leaders declare their path is anything but one strewn with roses now.

Let's have the streets sprinkled. Those who object may sell their property and move out on the dirt road, where it is hotter and dustier.

If the weather lasts, we will have a carnival that will be one purple week of unalloyed delight.

We had the drummers Saturday and we will have the doctors Wednesday.

There will be plenty doing in Paducah this summer.

The carnival begins a week from today

NO GRAFTERS

Suspicious Characters to be Arrested and Locked up.

The Police Will Take No Risks But Will Gather Them all in.

Marshal Crow has instructed his officers to arrest all suspicious characters seen about town on any charge that can be preferred, from vagrancy to larceny.

This is the only means of ridding the town of the grafters and sneak thieves who infest the towns during carnival time. Last year the residents suffered greatly from the robberies, and the police were kept busy. The Buckskin Bill show brought several here, and the few robberies placed the officers on their guard and showed the coming situation up more clearly. The object of the local officers is to arrest the suspicious characters and lock them up, continuing their trial from day to day until the carnival is over, thereby keeping them out of mischief. Marshal Crow said this morning that he had his eye on several grafters now, and that he expected to pull them in if they did not change their tactics soon.

DEPUTY MARSHAL SHOT.

ALLEGED MOONSHINER AND HIS FRIENDS MAKE A MURDEROUS ATTACK.

Nashville, May 5.—Deputy United States Marshal James W. Duggan of Columbia lies at the city hospital here with a bullet in his body, the result of a desperate encounter in Sumner county yesterday, which came near causing his death, as well as that of S. M. Woodall of that county.

Duggan had gone to the home of J. L. Brysentine, an alleged moonshiner, who had jumped his bond, and carried Woodall, who was on Brysentine's bond, with him. In an unguarded moment Duggan, who had drawn his pistol upon entering the house, replaced it in the holster. Brysentine submitted to arrest without resistance, but when Duggan put up his gun he drew a big knife and endeavored to cut the officer's throat. A desperate struggle resulted, in which Duggan tried to wrench the knife from Brysentine.

They struggled through the front door of the house out on the porch, and were fighting like demons when a shot was fired through a window of the house, presumably by one of Brysentine's friends. The deputy fell, the ball having entered his body near the point of the left hip, becoming embedded in the flesh. The outlaws escaped.

CROKER COMING BACK.

ANNOUNCED THAT HE WILL SEIZE THE REINS OF TAMMANY, AT LEAST IN EFFECT.

New York, May 5.—Saturday's European mails brought from Richard Croker letters to Tammany leaders of the old guard. Whether it was as a result or merely a coincidence, several conferences were held yesterday.

After one of these the announcement was made that Mr. Croker will return to New York late in August. No attempt was made to conceal his intention of taking back the leadership, at least in effect.

He is said to be greatly dissatisfied with the manner in which Tammany's affairs have been administered. He believes that mistakes of the opposition have not been profited by as they should have been, and he is disgusted that his orders have not been obeyed.

DAILY THOUGHT.

One person I have to make good—myself. But my duty to my neighbor is much more nearly expressed by saying that I have to make him happy—if I may.—Robert Louis Stevenson.

THE WEATHER.

Partly cloudy tonight, and cooler, with probable showers. Tuesday fair.

GEN. SMITH TO BE ACQUITTED.

General Smith, as has been contended all along by patriotic citizens of the United States, was only acting within bounds of the law when he issued the "kill-and-burn" order, and he will be acquitted by court martial. Thus the administration scores another victory over the maligners of the American soldiers. "The war department commissioned a man wearing the uniform of the United States to kill and burn and destroy," remarks one paper—Democratic of course—in well simulated horror. Well, perhaps it did. A deathless and fireless war is something we should like to see but are not likely to see. Our generals are supposed to use their own judgment, not that of a few incompetent, always-complaining demagogues at home. There is little humanity in war at any stage of the game, but there is nothing to indicate that the American troops have not been as humane to the Filipinos as they could be for the good and safety of our army and the cause. In making the closing address for the defense before the court martial that tried General Smith Colonel Charles A. Woodruff drew tears to the eyes of his hearers. He dramatically sketched General Smith's career and declared he had conducted a remarkable and successful campaign in a manner which reflected credit on his valor, humanity and kindness.

Speaking in impassioned tones Colonel Woodruff said in older times victorious generals tied captives to their chariots. In this case the general finds himself tied. Sentiment was an excellent thing, but there was no place for it in war.

"We claim," declared the colonel, "that the Samar campaign, just brought to a successful termination, while pushed actively, vigorously and energetically, was ever conducted within the limits of war. During the last few months it has seemed popular to criticize the army in the Philippines. People seem to have forgotten its magnificent services for America's honor and glory, through sun, rain, mud and dust, across rivers and over mountains, through tangled underbrush, in sickness and in health, which have reflected nothing but glory upon our flag and country. We have been worthy members of the army, whose bayonets never flashed except in the defense of the law, and whose tramp has carried comfort to

those in danger. Yet today we are apparently disgraced. Why? I cannot imagine that people at home expect to gain glory and political advancement by abusing the army. It was tried after the Mexican war. It was tried after the Civil war, with the result that Grant, 'the butcher,' was elected president, and died loved and honored by every American. While the campaigns in the Philippines have not been conducted to meet the views of the sentimentalists and troublesome busybodies in the United States, they have been conducted on lines which have reflected credit upon the valor, pluck, humanity and kindness of American soldiers, many of whom have freely laid down their lives on their country's altar."

Colonel J. Woodruff, during his address, reviewed the evidence at length, showing the necessity for making Samar a wilderness and comparing the campaign in that island with the "strenuous march to the sea, whose route was marked by a cloud of smoke by day and by a pillar of fire by night."

The colonel said it had been proved by the evidence that native boys eight years of age were capable of wielding bolos. He cited numerous instances of military law, Roman, English and American, in behalf of the defense, and portrayed Gen. Smith's military career from the time he enlisted in 1861 to 1901, when he was appointed brigadier general, and described his wounds, heroism and devotion to duty.

Colonel Woodruff also quoted Governor Taft's speech at Dagupan, eulogizing General Smith, and added: "Now, after wearing for 41 years the uniform of the United States with honor to himself and to the benefit of the government, at the close of a remarkably successful campaign in which he accomplished what Spain was unable to do in 300 years, while returning, as his friends thought, covered with glory, he was halted and taken off a transport to face charges growing out of the language used in giving instructions for the conduct of a successful campaign."

"The defense feels that the government has only done this in deference to overwhelming public sentiment, based on rumors fostered for unknown and ignoble purposes, until hysteria was produced. Then this gray, wounded, victorious general was exposed to the indignity of a trial in deference to hysterical public opinion. General Smith faces the conscience of the court and people with the full knowledge that he did his duty as an honorable soldier."

This speech seems to reveal the true state of affairs. There is too much hysteria among the people of the United States. Their slop-over hero-worship and their maudlin sympathy for the vicious treacherous Filipinos who are fighting against the stars and stripes, are enough to disgust any sensible man.

The city authorities will have to take some step towards preventing the authorities in neighboring cities from unloading their paupers and indigent sick onto Paducah. When an unusually bad case comes to the notice of the officers in these surrounding towns instead of caring for the unfortunate as the law provides, they say, "We'll send him to Paducah." And here he comes, oftentimes with a chronic ailment that keeps him in the city hospital for weeks and months at the expense of the people. The law does not permit this. No non-resident can be legally cared for in the city hospital although often humanity demands that a person of this description be not turned away. The thing is to prevent these other cities from sending them here. There is a law against it and a few examples would have a most salutary effect on those who imagine that we have nothing to do under a \$1.85 tax rate but to take care of their paupers.

The city council will tonight be called upon to pass an ordinance for sprinkling the streets, if the present plans materialize. It is hoped that the council will look at the proposition from the standpoint of progressive business men. It may be that there are some who will object to the

street sprinkling project because they will be assessed a few dollars a year, but the council should at all times consider the greatest good to the greatest number, and remember that street sprinkling is something that contributes to the comfort, good health and happiness of the community as a whole and the good that will redound to the greatest number will far offset the objections a few may have to it. Street sprinkling is something that every city requires, and something that Paducah has long needed, especially in the more thickly populated localities.

The steamboat companies can scarcely secure enough labor, at any price, to operate their boats. Yet there are hordes of negroes at the wharves every day. They do not refuse to work on account of the wages, which are large, but because they simply do not desire to work. If the vagrancy law were enforced this evil would soon be eradicated. Every loafer who refuses to work on a boat can be arrested and made to show how he obtains a livelihood. A few such arrests would have the effect of making many of the idlers go to work and running the remainder out of town, either of which would be a benefit to the community.

The Lexington Leader jocularly remarks: "It is a noticeable fact that Paducah never had a \$1.85 tax rate until Urey Woodson went there to live. Urey comes high, but we must have him."

Louisville congregations are much wrought up over an effort to unionize the church choirs. Some of the leaders declare their path is anything but one strewn with roses now.

Let's have the streets sprinkled. Those who object may sell their property and move out on the dirt road, where it is hotter and dustier.

If the weather lasts, we will have a carnival that will be one purple week of unalloyed delight.

We had the drummers Saturday and we will have the doctors Wednesday.

There will be plenty doing in Paducah this summer.

The carnival begins a week from today

NO GRAFTERS

Suspicious Characters to be Arrested and Locked up.

The Police Will Take No Risks But Will Gather Them all in.

Marshal Crow has instructed his officers to arrest all suspicious characters seen about town on any charge that can be preferred, from vagrancy to larceny.

This is the only means of ridding the town of the grafters and sneak thieves who infest the towns during carnival time. Last year the residents suffered greatly from the robberies, and the police were kept busy. The Buckskin Bill show brought several here, and the few robberies placed the officers on their guard and showed the coming situation up more clearly. The object of the local officers is to arrest the suspicious characters and lock them up, continuing their trial from day to day until the carnival is over, thereby keeping them out of mischief.

Marshal Crow said this morning that he had his eye on several grafters now, and that he expected to pull them in if they did not change their tactics soon.

REPORTED CHANGE.

IT IS UNDERSTOOD MR. J. W. LUTTRELL GOES WITH THE MISSOURI PACIFIC.

It has been reported over the I. C. system that Mr. J. W. Luttrell, the master mechanic at the Burnside shops, Chicago, formerly superintendent of motive power for the C., O. and S. W. road here, has resigned his position with the I. C., and has accepted a position with the Missouri Pacific road. His position, the report says, will be superintendent of motive power, and his headquarters will be at St. Louis.

If such is true, the change will not effect Paducah unless there will be a promotion of master mechanics and then possibly Paducah might come in for her share of the change.

OF APPENDICITIS

POSTMASTER AT ST. JOHN'S DIED YESTERDAY.

Mr. Joe Auer, postmaster at St. John's, this county, died yesterday of appendicitis after a brief illness. He was operated on Thursday and could not survive the shock. He was a young man unmarried, and was a brother to Rev. Father Charles Auer, the Catholic priest there. The funeral took place this morning, burial at the Catholic burying ground.

VIOLA ALLEN.

Viola Allen, it would appear, possessed unusual judgment in the choice of plays. Her success with "The Christian" was unprecedented, and that she has surpassed the furor occasioned by that great play with her new one, "In the Palace of the King," was a source of wonder, since it is an unusual occurrence for an actress to secure two great plays one after another. "In the Palace of the King" proved the greatest success of the New York season, both from a financial and artistic standpoint. Miss Allen is to present this great play at The Kentucky on Thursday evening exactly as seen in New York. Seats go on sale tomorrow at 9 a. m.

KENTUCKY SSS PRAISES

Some of the recent cures made by this famous blood purifier and tonic among your neighbors and friends.

All that we say of our remedy is substantiated by the testimony of thousands in every section and state of the union. S. S. S. has won its way to success by honest, straightforward methods. For fifty years it has steadfastly pursued this course and is today firmly established in the confidence of the people and recognized everywhere as the standard remedy for all blood and skin troubles and the greatest tonic on the market.

There is nothing mysterious or magical about S. S. S. It is a simple vegetable compound, possessing purifying and tonic properties that no other medicine does. It cures all manner of blood and skin diseases and builds up your general health. Read what the people of your own state say of S. S. S.

MALARIA IN HIS SYSTEM FOR YEARS.

LOUISVILLE, KY., March 26, 1902.
GENTLEMEN: For several years I suffered with Chills and Fever, caused by Malaria in my system, and each summer for several years I would have a relapse. Finally my physician prescribed S. S. S. I took in all three bottles; this was about six years ago. It entirely cured me, and I have never been troubled since. I am sure no other medicine could have given me so complete and immediate relief, and I cannot speak too highly of S. S. S. My partner in business is now taking the S. S. S. for an eruption of the skin, and a general run down condition of the system, and although he has taken but one bottle, already commences to feel better. Yours truly,
No. 913 W. Market St. I. SHAPOFF.

POISON OAK AND ITS EFFECTS.

DANVILLE, KY., April 5, 1902.
GENTLEMEN: Over fifteen years ago I was poisoned with Poison Oak. I tried remedy after remedy without getting relief. Sores broke out over my body and on my tongue, affecting the lining of my mouth. Finally about a year ago my doctor told me to try S. S. S., which I did. After taking three bottles all the sores disappeared, and I have not been bothered since, and I feel much indebted to your valuable medicine for so prompt and complete a cure. I am certain that S. S. S. will do all that is claimed for it in blood diseases, if not more. Yours very truly,
CON O'BRYAN.

PUT HIS BLOOD IN GOOD CONDITION.

LOUISVILLE, KY., April 1, 1902.
GENTLEMEN: About twenty years ago I used S. S. S. as a general tonic to build up my system. I found that it promptly did all that was claimed for it, and I am pleased to say that it put my blood in perfect condition, and I have had no need of any medicine since that time. Yours truly,
323 Market St. J. N. VANBURKALOW.

CLOSE CONFINEMENT IMPAIRED HIS HEALTH.

HOPKINSVILLE, KY., March 21, 1902.
GENTLEMEN: About three years ago I felt entirely run down, my business of cigar making being very confining. I was quite unfit for work. One of our city druggists told me to use S. S. S., and I am glad to say that it made me feel like a different man. I only used it one month and have felt well ever since. I am sure there could be no better medicine on the market for toning up the system, by getting the blood in good condition. Yours truly,
701 W. 7th St. H. L. LEBENECKER.

SYCOBOSIS, OR BARBER'S ITCH.

NEW ALBANY, IND., March 20, 1902.
GENTLEMEN: For over ten years I suffered with Barber's Itch. I tried several medicines, took several kinds of baths, had medical advice, but nothing did me any good. I saw S. S. S. advertised and commenced using it. After taking two or three bottles, I noticed good results. After taking about six bottles in all, I was completely cured, and have not been troubled since. I recommend S. S. S. to any in need of a good blood tonic, and a sure cure for Barber's Itch. Yours truly,
307 W. Market St. W. H. STEPHENS, JR.

AN EXCELLENT TONIC AND SYSTEM BUILDER.

LEXINGTON, KY., April 5, 1902.
GENTLEMEN: I have no hesitancy in recommending your S. S. S. as the best spring tonic on the market. I have used many other medicines, but find S. S. S. to be undoubtedly the only tonic that will properly build up the system. I shall take pleasure in telling all whom I think in need of a good blood tonic of your medicine. Yours truly,
Fayette Park. LEWIS S. FIEBER.

SCIATIC RHEUMATISM THE CAUSE OF INTENSE SUFFERING.

MT. STERLING, KY., April 9, 1902.
GENTLEMEN: For over four years I suffered intensely with Sciatic Rheumatism. The Rheumatism first troubled me in my hip, then spread to my shoulders, head, and finally all over my body. I became such an invalid that neither my family nor friends thought it possible for me to survive long. I had tried so many prescriptions given me by physicians (which contained a great deal of potash), that my stomach was ruined, and there seemed no hope for recovery. I had been reading in the newspapers of S. S. S. and decided to try it, and to my joy commenced to get relief before the second bottle was gone. After completing five bottles I was an entirely different man, and I felt that I had a new lease on life. The cure in my case has been so wonderful that I shall tell every one of it. S. S. S. not only cured my Rheumatism, but also put my system generally in excellent condition. I have a good appetite, sleep well and once more enjoy life. Yours truly,
R. M. FRISBIE.

BOILS WERE THE BANE OF HIS LIFE.

EVANSVILLE, IND., March 19, 1902.
GENTLEMEN: About four years ago I suffered greatly from Boils, which would break out on different parts of my body, one large Boil coming just below the knee, from which I was incapacitated for work for two or three weeks. I saw S. S. S. advertised and decided to take it. After using about three bottles I was cured. When I first commenced to use S. S. S. it made the Boil on my leg run so that I was somewhat afraid, but it soon healed up, and for the last three years I have had no trouble whatever. I am therefore a great believer in your medicine, and am anxious that others should know what it has done for me. Yours very truly,
217 Read St. A. W. ZIEBER.

PITTSBURG WRECK SOLD.

CAPTAIN MORGAN BOUGHT THE HULK FOR \$1,100 OF CAPTAIN PHILLIPS.

The wreck of the City of Pittsburgh was sold Saturday at Cairo by Captain Phillips, who purchased it, to Captain D. Morgan for \$1,100. The latter formerly owned the Condor, the boat bought by the C. and E. L., and will demolish the hulk for the scrap iron that is in it. There will be a great deal of valuable material, including machinery, boilers and shafts.

It is expected that the demolition will begin today. Captain Morgan was in the city to secure foundrymen to go down and make an examination of the machinery and boilers.

UNPLEASANTLY WARM.

THE TEMPERATURE GOES TOWARD THE CENTURY MARK.

Saturday and yesterday the mercury went to 92 in the shade. While this is pretty warm, it is not unusual for May, according to Observer Bornemann. Yesterday and the day before the minimum was 61, and today it was 65, indicating that today the maximum will be greater than 92.

Obituary Notice of a Mare.

A recent number of the Westminster Gazette contains the following obituary notice: "Mercifully sent to sleep at Landguard, full of years and honor, Freedom, a chestnut mare, belonging to Dr. Cowper. She was bred by me and was named Freedom by Mr. Bartlett on account of her absolute freedom of movement when quite a tiny filly. In her best days she would be hard to pass on any road."

Trees and Lightning.

An old Swiss proverb is to the effect that if you are caught by a thunderstorm in the woods avoid the oak tree, flee from the fir trees, but seek the beech trees. In order to put the worth of this ancient bit of folklore to the test, a statistical examination was made in Canton Lucerne by the forest authorities. Out of eighty trees struck by lightning in a forest district where seventeen of the trees were beeches, fifty-six oaks were struck by the lightning, and twenty-four firs and larches, but not one single beech.

STOCKINGS DECORATED.

Parisian Artist Devotes His Talents to Designs on Hosiery.

A Parisian "decorator of ladies' stockings" has so far forgotten professional discretion as to tell tales out of his studio. The artist designs hosiery chiefly for fair, fastidious and extravagant beauties of the "world which amuses itself." These ladies will only wear stockings the patterns of which are unique, and they retain the copyright of the designs.

It is even more indiscreet of the artist to reveal that for one of his customers he has made delicate hose embroidered with a Cupid climbing up the lace insertions, and for another a pair on which was exquisitely worked a serpent having two pearls for its eyes. Other "art" stockings are decorated with perfect imitations of flowers embroidered in colors, lilies of the valley, violets and lilac being favorite blooms.

Most of the ladies select a particular flower, which they order to be worked on all their hosiery. It appears, however, that, generally speaking, the stocking embroidered in colors is considered a trifle loud. Ladies of severer taste prefer black lace, but jeweled ornaments in the latter are regarded as quite permissible. The artist in question charges any prices, from \$24 upward, for a pair of hose.

Volcano Dwellers.

There is no more interesting or curious sights than that of the crater Aso San about thirty miles from the city of Kumamoto, in Japan. The crater has long since ceased to belch forth cinders and lava, and is now inhabited by 20,000 people, who live and prosper within its vertical walls, 800 feet high. The inhabitants rarely make a journey into the outer world, but form, as it were, a little nation by themselves.

Dutch Herring Fishing.

The great Dutch industry, herring fishing, was unusually successful last year. Belgium consumes large quantities of Holland herring. England is the largest purchaser of Dutch shrimps.

Enormous Printing Bills.

If the shade of Herr Guttenberg could come back to earth when the new government printing office is completed and roam through the establishment he would note a few changes in the art of which he is the father. The biggest printing shop in the world will be established under the roof of the mammoth building now nearing completion on North Capitol street.

The printing bills of Uncle Sam are enormous. He is a great promoter of publicity. He drives thousands of men, day and night to turn out millions of copies of every kind of printed document from a single leaflet to a fifty-volume set of 600-page books. He publishes a daily journal during a portion of the year. He loads entire cars with bulky documents and ships them thousands of miles to ultimately gladden the heart of the ragman. He runs a bindery and turns out marvels of leather and satin coverings. He has an illustrated department and makes maps and beautiful half-tone pictures. And all of this work has been done heretofore in a ramshackle old shop, so shaky that every workman has kept one eye on his case and the other on the nearest exit. But there will be no excuse for criticism in the new building. It will be a marvel of convenience, safety and equipment.

What Rugs Cost.

The value of the best Persian rugs is \$10 per square foot. In the Western world that seems expensive, but it is cheap from the standpoint of the labor involved. It took the weaver in the orient twenty-three days to complete that square foot. This allowed about 44 cents a day for wool and labor. Three-fourths of the amount went for the wool, and the worker had left just eleven cents a day on which to live.

Zoological Discovery.

One of the most surprising of recent zoological discoveries is that the ancestors of the whales and dolphins were protected by a long armor, similar to that of the armadillos of South America.

Has changed hands and is now in first-class condition for fine sport and good, healthy exercise. You should try this sport, 406 Broadway.

KENTUCKY SSS PRAISES

Some of the recent cures made by this famous blood purifier and tonic among your neighbors and friends.

All that we say of our remedy is substantiated by the testimony of thousands in every section and state of the union. S. S. S. has won its way to success by honest, straightforward methods. For fifty years it has steadfastly pursued this course and is today firmly established in the confidence of the people and recognized everywhere as the standard remedy for all blood and skin troubles and the greatest tonic on the market.

There is nothing mysterious or magical about S. S. S. It is a simple vegetable compound, possessing purifying and tonic properties that no other medicine does. It cures all manner of blood and skin diseases and builds up your general health. Read what the people of your own state say of S. S. S.

MALARIA IN HIS SYSTEM FOR YEARS.

LOUISVILLE, Ky., March 26, 1902.
GENTLEMEN: For several years I suffered with Chills and Fever, caused by Malaria in my system, and each summer for several years I would have a relapse. Finally my physician prescribed S. S. S. I took in all three bottles; this was about six years ago. It entirely cured me, and I have never been troubled since. I am sure no other medicine could have given me so complete and immediate relief, and I cannot speak too highly of S. S. S. My partner in business is now taking the S. S. S. for an eruption of the skin, and a general run down condition of the system, and although he has taken but one bottle, already commences to feel better. Yours truly,
No. 913 W. Market St. I. SHAPOFF.

POISON OAK AND ITS EFFECTS.

DANVILLE, Ky., April 5, 1902.
GENTLEMEN: Over fifteen years ago I was poisoned with Poison Oak. I tried remedy after remedy without getting relief. Sores broke out over my body and on my tongue, affecting the lining of my mouth. Finally about a year ago my doctor told me to try S. S. S., which I did. After taking three bottles all the sores disappeared, and I have not been bothered since, and I feel much indebted to your valuable medicine for so prompt and complete a cure. I am certain that S. S. S. will do all that is claimed for it in blood diseases, if not more. Yours very truly,
CON O'BRYAN.

PUT HIS BLOOD IN GOOD CONDITION.

LOUISVILLE, Ky., April 1, 1902.
GENTLEMEN: About twenty years ago I used S. S. S. as a general tonic to build up my system. I found that it promptly did all that was claimed for it, and I am pleased to say that it put my blood in perfect condition, and I have had no need of any medicine since that time. Yours truly,
323 Market St. J. N. VANBURKALOW.

CLOSE CONFINEMENT IMPAIRED HIS HEALTH.

HOPKINSVILLE, Ky., March 21, 1902.
GENTLEMEN: About three years ago I felt entirely run down, my business of cigar making being very confining. I was quite unfit for work. One of our city druggists told me to use S. S. S., and I am glad to say that it made me feel like a different man. I only used it one month and have felt well ever since. I am sure there could be no better medicine on the market for toning up the system, by getting the blood in good condition. Yours truly,
701 W. 7th St. H. L. LEBENECKER.

SYCOSSIS, OR BARBER'S ITCH.

NEW ALBANY, IND., March 29, 1902.
GENTLEMEN: For over ten years I suffered with Barber's Itch. I tried several medicines, took several kinds of baths, had medical advice, but nothing did me any good. I saw S. S. S. advertised and commenced using it. After taking two or three bottles, I noticed good results. After taking about six bottles in all, I was completely cured, and have not been troubled since. I recommend S. S. S. to any in need of a good blood tonic, and a sure cure for Barber's Itch. Yours truly,
807 W. Market St. W. H. STEPHENS, JR.

AN EXCELLENT TONIC AND SYSTEM BUILDER.

LEXINGTON, Ky., April 5, 1902.
GENTLEMEN: I have no hesitancy in recommending your S. S. S. as the best spring tonic on the market. I have used many other medicines, but find S. S. S. to be undoubtedly the only tonic that will properly build up the system. I shall take pleasure in telling all whom I think in need of a good blood tonic of your medicine. Yours truly,
Payette Park. LEWIS S. FIEBER.

SCIATIC RHEUMATISM THE CAUSE OF INTENSE SUFFERING.

MR. STERLING, Ky., April 9, 1902.
GENTLEMEN: For over four years I suffered intensely with Sciatic Rheumatism. The Rheumatism first troubled me in my hip, then spread to my shoulders, head, and finally all over my body. I became such an invalid that neither my family nor friends thought it possible for me to survive long. I had tried so many prescriptions given me by physicians (which contained a great deal of potash), that my stomach was ruined, and there seemed no hope for recovery. I had been reading in the newspapers of S. S. S. and decided to try it, and to my joy commenced to get relief before the second bottle was gone. After completing five bottles I was an entirely different man, and I felt that I had a new lease on life. The cure in my case has been so wonderful that I shall tell every one of it. S. S. S. not only cured my Rheumatism, but also put my system generally in excellent condition. I have a good appetite, sleep well and once more enjoy life. Yours truly,
R. M. FRISBIE.

BOILS WERE THE BANE OF HIS LIFE.

EVANSVILLE, IND., March 19, 1902.
GENTLEMEN: About four years ago I suffered greatly from Boils, which would break out on different parts of my body, one large Boil coming just below the knee, from which I was incapacitated for work for two or three weeks. I saw S. S. S. advertised and decided to take it. After using about three bottles I was cured. When I first commenced to use S. S. S. it made the Boil on my leg run so that I was somewhat afraid, but it soon healed up, and for the last three years I have had no trouble whatever. I am therefore a great believer in your medicine, and am anxious that others should know what it has done for me. Yours very truly,
217 Read St. A. W. ZEBER.

PITTSBURG WRECK SOLD.

CAPTAIN MORGAN BOUGHT THE HULK FOR \$1,100 OF CAPTAIN PHILLIPS.

The wreck of the City of Pittsburgh was sold Saturday at Cairo by Captain Phillips, who purchased it, to Captain D. Morgan for \$1,100. The latter formerly owned the Condor, the boat bought by the C. and E. I., and will demolish the hulk for the scrap iron that is in it. There will be a great deal of valuable material, including machinery, boilers and shafts.

It is expected that the demolition will begin today. Captain Morgan was in the city to secure foundrymen to go down and make an examination of the machinery and boilers.

UNPLEASANTLY WARM.

THE TEMPERATURE GOES TOWARD THE CENTURY MARK.

Saturday and yesterday the mercury went to 92 in the shade. While this is pretty warm, it is not unusual for May, according to Observer Bornemann. Yesterday and the day before the minimum was 61, and today it was 65, indicating that today the maximum will be greater than 92.

Obituary Notice of a Mare.

A recent number of the Westminster Gazette contains the following obituary notice: "Mercifully sent to sleep at Landguard, full of years and honor, Freedom, a chestnut mare, belonging to Dr. Cowper. She was bred by me and was named Freedom by Mr. Bartlett on account of her absolute freedom of movement when quite a tiny filly. In her best days she would be hard to pass on any road."

SUN'S DAILY STORY

HUSSARS OF DEATH.

BY PAUL OVERT.

(Copyright, 1902, by Daily Story Pub. Co.)

The horses pulled and tugged at the bit and tossed their heads impatiently. The clanking of sword and scabbard began to lull my mind, and my eyelids began to droop. Through the light gray of the early morning, the figures of the troopers looked ghost-like and shadowy as they swayed rhythmically with the motion of their mounts, and the low hum of voices came to my ears as from afar. The soft, sucking thud of the horse's hoofs on the corduroy road, acting with the easy mist that hung over the valley, began to send a feeling of drowsiness over me, and my eyes slowly closed. The world had been shut out from my view but a moment, when I became conscious of something riding beside me, something cold and silent, and in a moment my eyes flew open.

The men were just as I had last seen them, and for a moment I laughed at my sudden fears. But gradually an object, black, silent and mournful, began to close in upon me, and even as I looked, figure after figure began to spread throughout the troop until there were thousands of them riding amongst us.

I looked at the one cantering beside me. He seemed to breathe a cold dampness, and involuntarily I wrapped my military cloak closer round my body. He was black from his skull-tight cap and loose coat, to the powerful charger he rode—a deathly black. He was tall and gaunt, and in the light breeze that had sprung up, his clothes flapped loosely about his bony frame, and his horse, though galloping alongside of mine, gave no sound as its hoofs struck the road. An orderly came riding from the rear, and rode straight for him. A warning cry was on my lips when, to my horror, the trooper swept past, having ridden through my companion as though he were nothing but air. For a moment I reeled unsteadily in my saddle, but a grim chuckle brought me to myself, and I sat upright to find what had once been a human face, staring at me. It needed but a glance at those sunken hollows and whitened bones to tell me I was looking at a skeleton. "Who are you?" I muttered.

The one in black broke into another chuckle. "We," he said, indicating the others with a sweep of his shadowy arm, "are the Hussars of Death." I shuddered, and swerved my horse from the phantom. But in an instant, without any visible effort, he leaped his charger over my side. "We'll have work here to-day," he croaked, "work, work." I shivered slightly, and glanced at a low, flat line, far down the valley, and through the rising mists, thought I could distinguish the gleam of a cannon. So these were the trenches we were to charge. Even as I thought, a white puff, a dull boom and the shriek of a shell, awoke the echoes of the distant hills. And the Hussars of Death had work to do.

At my elbow a bugle blew, but I scarcely heard or understood the notes. I saw a thousand right arms bend, I heard the scraping of steel on tin, and in a moment a thousand blades flashed in the air, breathing defiance at the smoke ahead.

Around me I could dimly see strained and bloodless faces, trying to look encouragement at one another. But my eyes were not for them. Far as the eye could reach were hosts of black figures, contorting and writhing in silent glee, waiting but for the signal to begin their work.

Out from the works ahead leaped a tongue of flame, to be followed by a shriek of agony. Through a rift in the vapor I caught a momentary glimpse of a trooper laying in the road, the ghastly multitude surrounding him in exultation.

"Our first recruit," gibbered the one in black, clicking his horrible jaws together, "our first recruit!"

His words, and the sight of the man

set my brain on fire, and gripping the bridle-rein in one hand, I rose in my stirrups and swung my sabre for his head. The sword passed through him as it would have passed through space, and I fell back in my saddle sick at heart, his mocking laugh ringing in my ears.

The bugle blew the charge, and the blades flashed higher and brighter in the morning sun. Forward swept the troop, onward swept the phantoms. The shot and shell tore gaping holes in our ranks, and as each man went down, a host of twisting spirits gathered around him, their long black coats flapping round their frames and blowing back every now and then to disclose a framework of whitened bones. And as each trooper finally stiffened out his distorted body, a new form sprang up in their ranks, and the ghostly throng passed on.

Sickened and discouraged I rode, the black multitude swaying around me with the tide of battle. I saw the flash of steel before my eyes and instinctively thrust out my sabre. The blade struck something soft and yielding, and even as I drew back my arm, I saw the Hussars sweeping down upon something rolling in the road in front of me.

The blood curdled in my veins with horror. Again came a white flash before me, but my arms lay as though dead at my side. With fearful fascination I saw it rise before my eyes and begin the powerful downward stroke. Then came a shock. For a moment I reeled, and then began to sink, down, down, down. A white face leered at me, a hollow voice sounded in my ears. And to the words of, "another recruit," my senses left me and all became black.

When once more my reason returned the night had fallen, and the stars blinked down upon a desolate field. By the dim light of the early moon, the wrecked overturned cannons and the still, silent forms threw dark suggestive shadows on the ground, chilling the mind with a hundred wild, dark thoughts. Over in the north a soli-

"The Hussars of Death were gone," tary dog lifted its head and howled dismally.

I closed my eyes and tried to think, but a rustle by my side startled me, and I looked up to find, surrounding me, the Hussars of Death.

I had seen men that day reel and fall from their saddles, feebly try to raise their sword-arm, and falling, with their last breathe curse their Maker. I had seen men torn by shot and shell calling upon their God for mercy, and dying with a smile on their lips. And then in desperation I prayed, each word a burning hope, petitioning Him that gave me life, to spare me from that ghastly throng. And gradually my fears left me, a peace came over my torn and wretched soul, and I fell asleep.

It was morning when I awoke. For down the valley the helmets of our defeated, retreating army glittered. But I was happy, for the Hussars of Death were gone.

Mark Twain Still Humorous.

While he was in England Mark Twain says his head was once taxed as gas works. He wrote Queen Victoria a friendly letter of protest, saying: "I don't know you, but I've met you son. He was at the head of a procession in the Strand and I was on a 'bus.' Years afterward he met the prince of Wales, now King Edward VII., at Homburg. They had a long walk and talked together. When bidding him good-bye the prince said: 'I am glad to have met you again.' This remark troubled Twain, who feared that he had been mistaken for some one else. He communicated this suspicion to the prince, who replied: 'Why, don't you remember when you met me in the Strand and I was at the head of a procession and you were on a 'bus?'

LA BELLE PARK

Everything is in Readiness for the
Opening this Evening.

Prof. Record to Perform a Daring Feat—
Esmeralda the Play at Theater.

The Dunbar-Lyall Stock company will open La Belle park theatre tonight for the season. Manager George Shaffer of Portsmouth, O., has been here several days arranging for the opening, and the public is promised an entertainment that is up-to-date, and put on by capable people.

The company is stronger this year than last. Mr. Charles Middleton will play leads, Mr. Walter Harmon heavy, Mr. C. H. Carlton, Mr. and Mrs. Grace and Mr. and Mrs. Mart Beatty character parts, and Mr. Lyall light comedy. Miss Katie Lyall is pianist, and Mr. Grace stage manager. The opening bill tonight is "Esmeralda."

At 7:30 o'clock, previous to the performance, Prof. H. S. Record, one of the most daring cyclists in the world, will perform the feat of riding down a 75 foot ladder onto a huge rim which has an angle of 65 degrees, and riding around the latter at great speed. It is something never done in Paducah, and is a feat that has attracted widespread attention throughout the country. It is called the "cycle whirl."

The restaurant is now open at La Belle park, in the building on the hill, and is in charge of Mr. Jas. Davis, one of the most capable managers to be found. It promises to be well patronized. There is to be 5 o'clock dinner daily, and only light refreshments will be sold.

Buckskin Bill left yesterday for Sturgis, where it shows today. It did a good business in Paducah Saturday, playing to large crowds both in afternoon and night. Mr. A. S. Therrell left last night for Sturgis, and will be treasurer of the company.

The concert at La Belle Park yesterday afternoon by Dean's band was enjoyed by a large crowd, and the music was excellent.

BIG CHURCH DEBT.

RAISED BY REV. W. K. PINER
OF MEMPHIS.

It will be of interest to the many friends of the Rev. W. K. Piner, pastor of the Central Methodist church in Memphis, Tenn., to know that before leaving for the general conference in Dallas, of which he is a member, he raised the entire \$18,000 bonded debt which his church has been carrying for so long. Dr. Piner has been pastor of this church only since November and has been signally successful having added 75 or more members besides paying off the big debt.

He is very popular here where he has visited and held a protracted meeting at the Broadway Methodist church.

CHILD SCALDED.

Munfordville, May 5.—Bernice, the infant child of Mr. W. W. Jones, of this place, the traveling representative of Louisville Grocery Co., was horribly scalded this morning by overturning a kettle of boiling water on herself.

QUARTER OF A CENTURY

Mr. George Howser Has Been in Y. M. C. A. Work Nearly This Long.

Soon Celebrates his Silver Wedding—Notes
of the Y. M. C. A.

Mr. George T. Howser of Chicago, the Y. M. C. A. building worker who has for the past twenty-two years made this his business, will on the 9th of this present month celebrate his twenty-fifth marriage anniversary.

Mr. Howser has been a diligent worker in the Y. M. C. A. cause all his life, and no man in the association work can show a better record for labor and results. Mr. Howser first went into the work in Omaha and from there went to Chicago, working also in Cincinnati. He was instrumental in securing the big Y. M. C. A. building in Cincinnati, and has been the main worker for other Y. M. C. A. buildings just as large. He is at present working in Western Central states, and wherever employed always works under the direction of the state committee.

He has been in Paducah four weeks, and has accomplished much towards securing the funds for building the home. He is a pleasant gentleman, and one who makes friends wherever he goes.

There was no regular men's meeting at the association yesterday afternoon, and Secretary Escott made a short talk. He read a short paper which he had prepared while in school on the necessity of boys' work in the associations.

There will probably be a board meeting of the Y. M. C. A. tomorrow night to transact business relative to the new building.

The basketball teams will practice at the Association tomorrow night, and all members are requested to be in attendance.

Secretary H. E. Rosevear will arrive in the city the fore part of next week on business.

There was no boys' meeting at the association yesterday, but will be next Sunday.

BIG CRUSHER.

PADUCAH MAN GOES UP TODAY
TO START ONE.

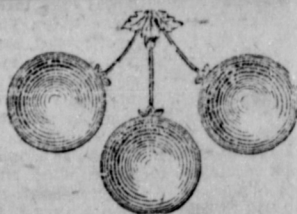

Mr. J. M. Dunlap left at noon today for Princeton, where he will take up the work of starting and operating the big stone crusher of the Katterjohn Construction Co. at Cedar Grove.

The crusher will be started today upon the arrival of Mr. Dunlap. Mr. Dunlap and Contractor B. T. Davis have closed a contract with Mr. Katterjohn to operate the stone quarry, and the former gentleman will oversee the work. Mr. Katterjohn has been shipping stone away, but this will be the first day for crushing stone.

ORCHESTRA TO ORGANIZE.

Prof. John Hobson has secured a meeting room for his orchestra and tonight the members will meet to effect a permanent organization.

Prof. Hobson will secure a cello player and also a violin and second violin. This will make the orchestra complete and it will then be enabled to handle the heaviest music.
